CUSTOMIZE YOUR ITEM WITH SCREEN PRINTING

Tell us how you want the screen printing to look...

We can provide you with custom screen printing¹ on most of our items. Unless you specify otherwise, text will be printed in "UPPERCASE" block letters, and logos will be printed with black ink.

To place your screen printing order, follow the simple steps below and then fax to:

(719) 785-5757

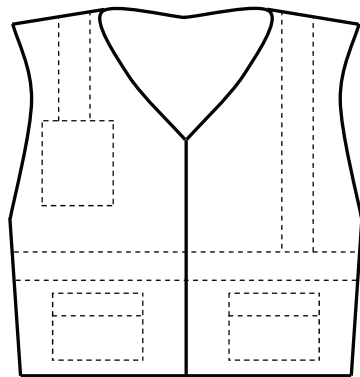

- 1- Print the text or sketch the logo you need on the lines below.
- 2- Place an "X" on the vest where you would like the printing to be located. (Because the vest you are buying may have stripes and/or pockets, you may be contacted if there is a problem with the location you choose.)
- 3- If we will be printing your logo, please email a digital copy to custom@SafetyGearCorp.com.
- 4- Using the pricing chart to the right and the form below, calculate the total cost for the screen printing you need, and transfer the "Total Cost" amount to the printable "FAX/MAIL ORDER" form from the website. ~ OR ~ If you have already placed your order online, put your "Online Order #" at the bottom right of this form.
